AMENDMENTS TO THE SPECIFICATION

Please amend the section of the specification labeled "BRIEF DESCRIPTION OF THE DRAWINGS" by inserting the following paragraphs after the paragraph on page 2, line 10:

Fig. 4a is a photograph of ion exchange membranes which were used for the apparatus of the present invention (right) and for the conventional electrolyzer (left).

Fig 4b is a photograph of electrodes which were used for the apparatus of the present invention (right) and for the conventional electrolyzer (left).
